

MAKEUP DESIGN

WHAT TO PREPARE

In a Makeup Design entry, the Thespian must prepare and present makeup design renderings for a published work written for the theatre. Designs for performances of original work, poetry, fiction, screenplays, television, concerts, or any other medium are not permitted. For the purposes of Thespy adjudications, teeth and hair are considered part of the makeup design and should be included in the materials outlined below. Only one (1) Thespian may be involved in the design; no collaborations are permitted. Designs for either theoretical or realized productions are acceptable. The Thespian must prepare the following:

- 1** Five (5) makeup renderings (either five different characters or a single character through five looks).
 - No more than five (5) makeup renderings will be permitted.
 - Renderings should be at least eight (8) inches tall and must be in full color; large and detailed enough for the adjudicators to easily understand the design choices (whether in person or digitally).
 - Renderings may be presented on a display board, in a portfolio (bound or digital). The board or portfolio page should be clearly and neatly labeled with a title block that contains the following information:
 - Play or musical title and author(s)/composer(s);
 - Performance dates and facility in which it took place (if applicable);
 - Character's name, act, and scene;
 - Entrant's name and troupe number (optional).

- 2** A portfolio of support materials (bound or digital) that must include the following:
 - One-page design statement that includes:
 - Unifying production design concept;
 - Theme of the show/recurring motifs.
 - Research, including:
 - Summary of given circumstances from the script;
 - Functionality requirements;
 - Genre, locale, and setting of the play (or other explanation of the world of the play);
 - Artistic and practical needs that impact the construction;
 - Sources of inspiration for design and color palette (if used).
 - Budgetary requirements or other constraints and considerations.

- Sources of inspiration for design and color palette (if used).
- Techniques used within the design.
- Preliminary sketches.
- Makeup plot showing who wears what makeup when.

3 A five to eight (5-8)-minute presentation summarizing the work with connections to concept, collaboration, and design decision-making. The Thespian may use digital media during the presentation (the Thespian must provide their own equipment for viewing), or the Thespian may bring photo boards or other visual aids to display along with the makeup designs. The Thespian should address category-specific topics such as:

- What research did you do to arrive at the final makeup look?
- How do you apply this makeup or style the hair this way?
- Were you responsible for applying the makeup or teaching the actors how to apply it on themselves? If the latter, what challenges did you encounter while teaching the actors how to apply the look?
- Any video presentation must display the work so that the adjudicators can see the details. If the details of the documents/photos referenced in your presentation cannot be clearly seen in the video, they should be included in your portfolio of support materials.

4 Optional written essay response to share additional information about the makeup design with the adjudicators.

SKILLS MEASURED

The skills measured by the adjudicators during the presentation are:

- Ability to demonstrate an understanding of the makeup design process;
- Ability to demonstrate an understanding of the artistic and practical constraints that impact design and the relationship to the unifying concept;
- Ability to research and understand the connection between style, period, locale, genre, and other historical and cultural influences and design choices;
- Ability to document, present, and clearly explain and justify design choices.

SKILLS	4 Superior <small>Above standard</small>	3 Excellent <small>At standard</small>	2 Good <small>Near standard</small>	1 Fair <small>Aspiring to standard</small>	SCORE
Presentation Explanation of the executed design, unifying concept, creative decisions, and process.	Presentation thoroughly explains the functional and aesthetic role of the executed design and the creative process, demonstrating an in depth understanding of their contribution to the unifying concept.	Presentation explains the functional and aesthetic role of the executed design, and the creative process, demonstrating an understanding of their contribution to the unifying concept.	Presentation offers a limited explanation of the functional and aesthetic role of the executed design and/or creative process, demonstrating a partial understanding of their contribution to the unifying concept.	Presentation offers little or no explanation of the creative process and/or fails to explain the executed design and their contribution.	
Comment:					
Research Evidence of research of the given circumstances of the script as well as artistic and practical needs which impact the design.	Comprehensive and detailed research addresses the artistic and practical needs of the production and illuminates the unifying concept.	Thorough research addresses the artistic and practical needs of the production and aligns with the unifying concept.	Limited research partially addresses the artistic and practical needs of the production and/or inconsistently supports the unifying concept.	Research fails to address the artistic and practical needs of the production and/or lacks alignment with the unifying concept.	
Comment:					
Interpretation Design choices merge the unifying concept with the designer's unique vision.	Design choices powerfully enhance and communicate the mood, style, period, locale, and genre of the play, and demonstrate a unique voice.	Design choices communicate the mood, style, period, locale, and genre of the play and align with the given circumstances.	Design choices partially communicate the mood, style, period, locale, and genre of the play and do not distract from the given circumstances.	Design choices fail to communicate the mood, style, period, locale, and genre of the play; choices may or may not support the given circumstances.	
Comment:					
Design Justification Connecting the design choices to the artistic and practical needs of the production.	Comprehensive explanations justify the design choices, illuminating the connection between the artistic and practical needs of the production.	Appropriate explanations justify the design choices and demonstrate the connection with the artistic and practical needs of the production.	Partial explanations somewhat connect the design choices with the artistic and practical needs of the production.	Limited explanations fail to make the connection between the design choices and the artistic and practical needs of the production.	
Comment:					
Execution Products presented convey ideas and choices that support the script and unifying concept.	Detailed products communicate and enhance artistic ideas and choices to provide exceptional support for the script and unifying concept.	Products communicate artistic ideas and choices that support the script and unifying concept.	Products partially communicate artistic ideas and choices and/or inconsistently support the script and unifying concept.	Products lack a clear focus and/or fail to support the artistic ideas and choices, script and/or unifying concept.

This rubric should not be considered an assessment of student learning. However, it can serve as a model for designing curriculum-based performance assessments and for this reason, alignment to the National Core Standards has been indicated on this form.

For examples of standards aligned to the Thespys rubrics, see the alignment chart on EdTA's online Learning Center:
