

# **JUNO BURSCH      IMPROV CAPTAIN**

Hello, all! My name is Juno Bursch. I am going into my senior year, and I am running for improv captain. From my time in this club, I have grown exponentially as a person, friend, and leader. I believe my leadership, attention, and love for improv will carry Off-Q throughout the year!

## **SKILLS, EXPERIENCE, AND TRAITS**

I have been a part of this club for nearly six years, and improv for two. In my time, I have participated in fifteen shows! Most notably, I played Mercutio in *Romeo and Juliet*, served as the Head of Publicity in *Footloose*, and directed *Conflict* in our 2023 3D series. My experience in leading a crew and a cast of students has greatly strengthened my leadership abilities; my communication skills shone as I explained in detail my vision for both soft and hard tech to directors and the heads of tech alike. I have boundless energy. Over the years, I've been able to focus this energy and use it effectively—remaining on-task but still investing people in the activity.

## **PLANS**

There is one simple reason that I'd like to be an officer: I love this club. These people shine with potential. I can see the way they've touched each others' hearts; their dedication to their craft and each other is truly inspiring.

To foster more interest in Off-Q, I'd like to bring summer improv in the amphitheater. I feel that weekly improv throughout the summer will greatly benefit the members of our club who are passionate about and want to learn more about improv—especially those who may be unavailable during the school week, or show leads who may not have time.

We were only able to schedule one workshop this year. I'd like to add one more, during the fall, so we can spread the word of Off-Q. Improv is an important skill. When you think about it, you're doing improv all the time! I would love to have extra time dedicated to honing our skills as improvisers and as people.

## **CONCLUSION**

Improv is my passion. It is a vital organ in the organism which is the Drama Club, and I would love for everyone to try it at least once. I have worked tirelessly this past year to promote the Drama Club alongside Off-Q. I sincerely hope you will consider me. I look forward to speaking to you soon.

Thank you,  
Juno
