

Hello everyone! My name is Gabe Rickard and I am running for a Communications Officer position. I will be a Senior for the 2020-2021 school year. I've been in a grand total of 6 shows so far, and I've loved every single moment of them! I'm mostly a technical person, so for most of those shows I was on lights, which was pretty lit! I've also been an Assistant Stage Manager for a few shows, all of which have been a blast.

As one of your Communications Officers, I'll help out my fellow Communications Officer as much as possible. I'll be very active on the DDC Instagram and Facebook pages as I'm typically active on many social media sites. One idea I'd like to implement for the Instagram page is to bring back Techie Spotlight. For those who don't know, Techie Spotlight showcased a person on a tech crew and asked a few questions, such as what they did on their crew. This was one of my favorite things during the 2018-2019 season, and I'd like to see it come back. Another idea that I'd like to bring to the table would be a sort of vlog series on Instagram. My thoughts are we would follow around an actor or tech crew member and see what they do before/during/after rehearsal; sort of like a behind the scenes look of what we do at the DDC.

I'd like to be a Communications Officer because I'm a very organized person who's good with people and loves anything involving social media. I'm also very active in DDC as I go to many bonding events and other outside events. Because of this, I'll be able to get photos/videos to post on the Instagram or Facebook and spread the news about our upcoming show and future bonding events. I'm also very good working in a team, so working with someone else will be no problem.

Thank you all so much for reading. I miss you all so much!
