

Hello Dexter Drama Club,

My name is Shelly Beach and I am running for President of the Dexter Drama Club as a Senior for the 2022-2023 school year. My first show was Lion King, as a Lioness in 7th grade. I remember the excitement and honor I felt to participate in the production. Since 7th grade, I have participated in 12 shows with the Dexter Drama Club, with the most recent being FootLoose as Wendy Jo. Other roles include Ursula in The Little Mermaid and shows such as Tarzan, 3D, and Fiddler on the Roof.

I have been involved with many different areas of the club, onstage and off. Being head of tech twice has allowed me to understand the importance and value of techies. Without countless hours of hard work and dedication behind the scenes, the productions would not run smoothly. As president I want to bring attention and recognition to everyone who make the club a success.

Reflecting on my time in drama, I appreciate the previous leaders and officers for making the club a welcoming place where people can find lifelong friends. Working alongside the current president, I have gained experience and knowledge that will help help improve the club next year and beyond. The role of President is an important representative for the club and helps set the tone for the group.

The role of President has long been a position recommended for returning officers. I am the only returning officer and have an understanding of the effort it takes by everyone. I am the only candidate who has attended officer meetings, booster meetings, set up for the film festival, and other president-run events. These experiences are necessary to be an effective leader and help the club run smoothly.

I believe that I am the best candidate for the position and will work hard to be a role model and friend to all in the club.

Thank you for considering me for this position,  
Shelly Beach
