

Connor Gleespen

### **Officer letter: Communications**

Hello! My name is Connor Gleespen, and I will be a sophomore next year. I have been in this club for three years. I was in the ensemble for *Oliver!*, *The Wizard of Oz*, and *Tarzan*, and I have been in four different 3D shows, most recently as Rodey in *English Test Opera* and Black in *Crafting a Killer*. Additionally, I was on costumes crew for *Sherwood*!

I am running for the role of Communications because I would love to help spread the word about our club activities and make information accessible for everyone. Drama is one of the most important things to me and I would put in as much effort as possible into this job. Particularly, I value punctuality and I would make sure to update the website and calendar or make posts to our social media pages at a moment's notice. Also, managing the website is something I would be good at as I love organization and would want to help the site be as helpful and informative as possible. I absolutely love making things aesthetically pleasing and I have experience in both video editing and photography, so creating Instagram stories, making youtube videos, and taking photos would be a breeze! Additionally, I tend to be very fast when it comes to emailing, so I would be able to efficiently contact school publications with the necessary photos and information. I like working with other people as well and since the communications position has two members, I would be a good fit.

There are many different things I would like to accomplish as a communications officer and I have multiple ideas that I think would be beneficial. I would love to continue the drama club youtube channel and keep both the social media pages and the calendar as up-to-date and informative as possible. Additionally, I would make sure that the website is 100% up to date at all times and everything on the site is in the correct place and is easily accessible. Also, I am a big fan of the drama club Tik Tok idea and would try to make that idea a reality! The Tik Tok page would have both videos that feature behind-the-scenes moments and information about productions. Other than that, I am interested in making the Twitter account active and another reliable source of information for people that do not use Instagram or Facebook, which would spread the word about our activities even more. Finally, I would like to create a Linktree for the Instagram page bio that has all of the important links in one place. The Linktree would include the website, Livestream tickets, social media accounts, etc so that anyone visiting the Instagram page would be met with all of the information they could possibly need.

I love being a part of the drama club, and I think that if elected, I would be able to keep it running smoothly and help it continue to be the great club that it is. Thanks for reading!
