

Hello! My name is Juno Bursch, they/them, and I am an incoming junior. I have been in a myriad of shows, including *Oliver!*, *Game of Tiaras*, *The Wizard of Oz*, *The Most Cliche Elevator Play in the History of the Universe*, *Fiddler on the Roof*, *Sherwood: The Adventures of Robin Hood*, *That's Not How I Remember It*, *Tarzan*, *The Little Mermaid*, *Romeo and Juliet*, and *Footloose*. I am running for Sergeant at Arms of the Dexter Drama Club.

The Dexter Drama Club is a very community-based organization. This is necessary, because every ensemble member is vital, every crew member is essential, each pit member is crucial. However, with our focus on community, we often forget to acknowledge the individuals who make it possible. This is why I am introducing Star of the Week. Each week of production, three people are randomly selected to be appreciated by the club. We will write them letters, make them cards, or just find them in the hallway and thank them for everything they do. It's easy to think that a person is just a tiny gear in a big machine, but as it turns out—and we've seen over the past year—the loss of a small gear causes the machine to malfunction. My goal is to make sure that every person in the Drama Club knows that they're valued and loved by everyone in it.

If I am elected as Sergeant, I will make sure that everyone is feeling good about who they are, especially in the Drama Club. Our club can't operate when we have members who don't feel important. I will do everything in my power to ensure that our club has strong morale. Thank you.
